

747AA - RIGMASTER PLUS BULK MATERIAL DELIVERY

Bulk material delivery - 27 bar (400 psi) - Lay Flat

- **Tube** black conductive NR.
- **Reinforcement** high tensile textile cords.
- **Cover** black conductive CR - brasion, ozone and hydrocarbon and flame resistant.
- **Application** bulk material, barite and dry cement transfer from supply vessels to offshore platforms.
Special layflat construction for reeling use.
Also available in self floating version.
- **Temperature** -30°C +80°C (-22°F +176°F)
